

**TRANSPORT AND INFRASTRUCTURE COMMITTEE
KOMITI WHIRIWHIRI TAKE WAKA, TAKE HANGANGA**

23 September 2021

Hon Michael Wood
Minister of Transport
Private Bag 18888
Parliament Buildings
Wellington 6160

Dear Minister Wood

**Request for advisers—Land Transport (Clean Vehicles)
Amendment Bill**

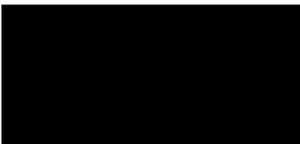

The Land Transport (Clean Vehicles) Amendment Bill was referred to the Transport and Infrastructure Committee by the House on 21 September 2021 with a report-back date of 2 February 2022.

At its meeting on 23 September 2021 the committee unanimously agreed to write to you as the Minister, seeking the provision of officials from the Ministry of Transport to serve as the committee's lead advisers on the bill. It also seeks the appointment of advisers from Waka Kotahi. The Committee agreed that MoT could work with Waka Kotahi and Inland Revenue as these agencies would administer the clean cars scheme and be involved in any GST and fringe benefit tax implications of the policies respectively.

Please send your response to the Clerk of the Transport and Infrastructure Committee (ti@parliament.govt.nz), by the close of business on Monday 27 September 2021.

Yours sincerely

Dear Greg

I am very pleased that the Land Transport (Clean Vehicles) Amendment Bill has now been referred to the Transport and Infrastructure Select Committee.

I would like to confirm my agreement that officials from the Ministry of Transport serve as the Committee's lead advisers on the Bill, alongside advisers from Waka Kotahi. I also note that the Committee agreed that the Ministry of Transport could work with Waka Kotahi and Inland Revenue through the Committee stage to progress the Bill.

Yours sincerely

Hon Michael Wood
Minister of Transport
